About the Survey

The Survey is a project of Datamar, Inc. Datamar, Inc. offers online tools for political candidates and committees that help organize the basic information for a successful campaign including: Surveys, Voter Contact Information, Voter Demographic Information, Legislative Races and Proposition Results. Datamar, also provides voter contact and GOTV phone services.

Findings are based on a telephone survey of 1,050 San Diego high-propensity registered voters. Registered voters polled are those who voted in the 2004 primary and general elections. These voters were interviewed on November 6th, 7th, 2005. Interviews took place using a proprietary algorithm to generate a random sample of voters. The sampling error for the total sample is +/- 3.1 percent at the 95 percent confidence level. The sampling error for subgroups is larger.

Surveys are available from our website at: www.datamar.com
